

Call for papers

24th International Working Seminar on Production Economics

February 23-27, 2026, Innsbruck, Austria

Objective

The purpose of this conference is to provide an opportunity for researchers and practitioners to meet, present and develop ideas on subjects within the field of *Production Economics*, which treats the interface between engineering and economics/management. The ultimate objective is to create and develop knowledge for improving industrial practice and to strengthen the methodological and theoretical base for supporting sound decision making. The conference will be organised on-site in Innsbruck.

Nowadays, industry is facing the challenges of digitalization and resulting new business models, data analytics, artificial intelligence, sustainable development, energy transition, sharing economy and platform operations, which are also in the central focus of investigation in the field of Production Economics. In this conference, the potential topics include but are not limited to

- General production economics
- Production planning and control, hierarchical production planning
- Lean production and related production concepts
- Risk management, disasters and resilience
- Decision support systems
- Performance measurement
- Investment and financial planning
- Sustainable operations
- Industry 4.0 and digital supply chains
- Humanitarian operations & logistics
- Closed loop supply chains
- Behavioural supply chain and operations management
- Global supply chain security
- Platform operations and sharing operations

Important dates

Abstract, November 1, 2025

Acceptance of abstracts, December 1, 2025

Full papers, January 14, 2026

Registration, January 14, 2026

Conference, February 23-27, 2026

Abstracts and full papers

Participants who wish to present papers are requested to send an abstract, not exceeding 250 words (in Word format), to the Programme Committee by November 1, 2025 at the latest. Acceptance of abstracts will be notified to authors by December 1, 2025. The number of participants will be limited. Full papers should be submitted by January 14, 2026.

Papers presented can be submitted for publication after the conference. Accepted papers after a regular review process will be published in a virtual special issue of the *International Journal of Production Economics* by Elsevier according to the procedure required by the journal.

Presentation and discussion

The conference is a Working Seminar intending to provide ample opportunities for interaction between Authors, Discussants and Audience. Each paper will be given 45 minutes, including 30 minutes of presentation and 15 minutes of discussion. A discussant will be appointed for each paper. The intention is that studies presented, and the discussion of them, will result in concrete ideas for future research and developments. Conference participants are expected to act as discussants within their field of expertise. Participants are therefore recommended to join the sessions of the conference for at least three of the four days. The conference language is English.

The submitted papers will not be published with copy-righted proceedings, so that the latter improved version can be submitted to journals. However, papers will be distributed to all participants, but are only used for the conference.

Organisation of sessions

The conference sessions will begin Tuesday and end Friday, organized in morning sessions 8.00-11.30 am and evening sessions (except Friday) 7.00-9.15 pm. Afternoons will be free for other activities. A reception and registration will be held on Monday evening.

Special sessions

Some special sessions have been proposed and you are welcome to submit your paper. If you are interested in organising a special session, please kindly contact ou.tang@liu.se, informing the title of special session and session organizer(s). Currently the following special session has been confirmed:

- *Design and operation of Engineer to Order production systems, supply chains and networks in a turbulent world, Prof. M. M. Naim*
- *Novel solution approaches for flexible job shop scheduling, Prof. A. Otto*
- *Industry 5.0 - human-centric operations, Prof. M. Klumpp*
- *Behavioral operations management, Prof. A. Onay*
- *Applications of Reinforcement learning in Production Economics, Stefan Haeussler*

Registration and fee

The conference fee is €500 including VAT. The fee covers reception, morning and evening coffees, farewell cocktails, and conference materials.

Organisation Committee

Organisers

Professor Hubert Missbauer, Universität Innsbruck, Austria, hubert.missbauer@uibk.ac.at

Professor Ou Tang, Linköping University, Sweden, ou.tang@liu.se

Co-organisers

S. Minner, Technische Universität München

G. Reiner, WU Vienna

S. Häussler, Universität Innsbruck

G. Blossey, Universität Innsbruck

Committee members

P. Agrell, University of Louvain
D. Battini, University of Padova
H. K. Chan, Wenzhou-Kean University
T. de Kok, Centrum Wiskunde & Informatica (CWI)
K. Demeter, Corvinus University of Budapest
A. Diabat, New York University Abu Dhabi
A. Dolgui, IMT Atlantique
J. Hallikas, Lappeenranta University of Technology
T. Hosoda, Aoyama Gakuin University
R. F. Hartl, Universität Wien
K. W. Li, University of Windsor
G. Lo Nigro, Università di Palermo
M. M. Naim, Cardiff University
F. Sgarbossa, Norwegian University of Science and Technology (NTNU)
V. Shi, Wilfrid Laurier University
M.-L. Tseng, Asia University
R.H. Teunter, Rijksuniversiteit Groningen
R. Uzsoy, North Carolina State University
S. Zanoni, Università degli Studi di Brescia

Advisory Committee

R.W. Grubbström, Linköping Institute of Technology
H. H. Hinterhuber, Universität Innsbruck
J. Lundquist, Linköping Institute of Technology
M. Bogataj, University of Ljubljana
A. Chikán, Corvinus University, Budapest
H. Ding, Beijing Jiaotong University
G. Fandel, Fern-Universität Hagen
H. Matsukawa, Keio University
Ch. O'Brien, Nottingham University
C. Pappis, University of Piraeus
L. Peccati, Università Commerciale Luigi Bocconi, Milan
D. Robb, The University of Auckland Business School
J.E. Rowcroft, University of New Brunswick
M. Tuominen, Lappeenranta University of Technology

Social programme

Social programme will be organised during the conference.

Venue

University of Innsbruck, SOWI Building, Universitaetsstrasse 15, A-6020 Innsbruck.
